

ANTITRUST STATEMENT

Participants in 'Brazilian Health Technology Industry Association' meetings, held in person or virtually, on its premises or outside it, declare that they are aware of antitrust regulation restrictions. Thus, agreements or actions that may affect competition in the medical device or any other sector will not be discussed.

This prohibition includes the exchange of information about prices, rates, coverage, commercial practices, or any other competitive aspect of the operational conduct of the companies associated with ABIMED.

Any participant is obliged to give notice in case they identify any conduct contrary to this statement, in order to prevent and avoid any discussion of prohibited topics.
